ARTIST TO WATCH

[MIRANDA SKOCZEK](#)

Edwina Corlette Gallery

Miranda Skoczek crumbles the history of decorative iconography, reassembling cultural artifacts in her fantastic everyday mythology. Pregnant with references, her canvases celebrate embroidery, folk art, Chinese and Japanese prints, Mughal miniatures, Islamic geometrical architecture and popular culture. Miranda Skoczek will be part of the Summer Show at Edwina Corlette Gallery this December, with a solo show next year.

[PATRICK CHRISTIE](#)

Green-Wood Gallery

Some artists are born with an irrepressible talent. Some work over the course of a lifetime to nurture and refine a solid skills base. Patrick Christie takes it all in his meticulously detailed inks on paper, spliced with a dash of scurrilous Australiana. His latest work, 'Cowboys, Cocks and Natives' will be presented at Green-Wood Gallery from late November.
